SCENARIO:
On escalation to security level 2 or 3, can additional personnel be called from the subcontracting security company to guard access points and perimeter, and to mount extra security patrols inside the facility?

CHECKLIST IF SECURITY COMPANIES ARE CALLED UPON:
• Name of contact person in the security firm
• Are the contact details still up to date?
• Is the previous contact person still in the same job, or do the details have to be updated?
• How many people can be made available by the security firm?
• Have these people received ISPS training?
• How quickly are these additional security personnel available?

CHECKLIST IF FACILITY PERSONNEL ARE CALLED UPON:
• What is the current number of personnel?
• Which people can be assigned to which tasks?
• Who can additionally be called by phone?

LOCATION:
• Facility

PARTICIPANTS:
• PFSO
• Security firm
• Facility personnel

OBJECTIVES:
• Assure the possibility of extending the security organisation on escalation (availability of personnel)
• Assure maximum control and awareness
• Assure good communication, division of tasks, supervision and carrying out of instructions for “extra” personnel
• Ensure that this task is carried out efficiently
